## OBJECTIVE

Full-stack developer with experience in React.js, React Native, Three.js, and WordPress, specializing in scalable web/mobile apps, 3D web experiences, and CMS-driven solutions. Passionate about merging modern front-end frameworks with WordPress customization to deliver immersive digital products. Looking for roles to innovate with cross-platform technologies.

## SKILLS

Core Skills	React.js, React Native, Three.js, Next.js, WordPress, Flutter, JavaScript
Languages Spoken	English, Italian, Hindi, Russian
3D Development	Three.js, WebGL, 3D model optimization
WordPress	Custom themes/plugins, WooCommerce, REST API integration
Development Tools	Git, Webpack, npm, Figma, Firebase, REST/GraphQL APIs

## EXPERIENCE

<b>Full-stack 3D Developer</b> <i>Khaas Tech Co. (<a href="#">View Website</a>)</i>	2023 - Present <i>Italy and India</i>
--	--

- Designed Docsphere (patient management app) using React Native and Flutter, with React.js-based admin dashboards.
- Built 3D interactive components for Khaas.net using Three.js, improving user engagement by 25%.
- Developed reusable React.js components and optimized API integrations for WordPress-backed projects.

<b>Full Stack Developer</b> <i>Giovani Talenti Dell'Ospitalità</i>	Nov 2023 - Apr 2024 <i>Italy</i>
---	-------------------------------------

- Built SPAs with React.js and integrated custom WordPress plugins for subscription workflows.
- Migrated legacy systems to React.js with WordPress headless CMS architecture.
- Implemented Three.js for interactive masterclass visualizations (e.g., 3D venue tours).

<b>Full Stack Developer</b> <i>Montredo GMBH</i>	Dec 2021 - May 2022 <i>Berlin, GE</i>
---	--

- Upgraded legacy systems to custom theme for wordpress, reducing load times by 30%.
- Collaborated on WordPress-based e-commerce tools for product catalogs.

## PROJECTS ([MY PORTFOLIO](#))

<b>Docsphere</b> Cross-platform app with React Native and React.js dashboards. Integrated Three.js for visualization of medical data. Note:- Email Required for access (Early Access on google play)	2023 - Present
--	----------------

<b>Khaas</b> Portfolio site with React.js animations and WordPress REST API-powered blog. Added Three.js 3D portfolio previews. ( <a href="#">Visit Portfolio</a> )	2023 - Present
---	----------------
